This is believed to help prevent illness and promote wellness.

Ayurvedic medicine uses a variety of products and techniques to cleanse the body and restore balance. Some of these products may be harmful if used improperly or without the direction of a trained practitioner. For example, some herbs can cause side effects or interact with conventional medicines.

Millennium International Healthcare & Ayurveda Convention 2009 is a valuable opportunity to create a meaningful dialogue and interactive link between government and private sector stakeholders with the intension of advancement of Ayurveda. This is the first international event taking place just after overcoming the uncertainty in the Middle East.

This Science to Life Event will attract many foreign companies and visitors who will have an opportunity to see for themselves that United Arab Emirates is one of the safest countries in the world not only for traveling but also for investing. The symposium will be

organized on broader theme and eminent scholars from the countries like India, UK, Japan, Germany have been invited to join with Global experts. Most recent advancements and scientific findings in Ayurveda will be discussed and presented at the Seminar. This also will be a golden opportunity for the knowledge-seeking Ayurvedic practitioners and other professionals to share their experiences.

This is platform where ayurvedic hospitals, nursing homes, ayurvedic prescriptions, meditation and ayurvedic yoga centres, ayurvedic food preparations, ayurvedic tourist organizations and manufacturers of ayurvedic cosmetics, ayurvedic soaps, colonges, balms and tablets etc can exhibit.
